

### 3 Environmental Groups To Split Game Proceeds

*October 5, 1989*

1-1 minutes

---

SATELLITE BEACH — A softball game to benefit three environmental groups raised more than \$1,000 last week.

Organizers raised \$755 from raffle tickets and refreshments at the softball game Friday night in Satellite Beach between an Air Force Civil Engineering squadron at Patrick Air Force Base and Orlando radio station WOMX-FM (105). The squadron beat the radio station 26-5, said Air Force Sgt. Rodney Wilson. The three environmental groups also raised almost \$200 each through T-shirt sales and donations.

The groups - Save the Manatee Club, the Sea Turtle Preservation Society and the Florida Wildlife Hospital - will split the proceeds.

Wilson said the squadron plans to hold other fund-raising events and softball games to benefit the groups.
